BLACK-DRAUGHT tea cures Constipation. Don't Find Fault.

Don't be a pessimist. Don't be a chronic kicker. If you can't say a good word for your neighbor, for your street, your town, your county and state, don't talk about them at all, and if anybody questions you send them to your cheerful neighbor. Nothing is easier than fault finding. No talent, no self denial, no character is required to set up the grumbling business.

Death of An Old Lady.

Mrs. Malone, perhaps one of the oldest residents of Washington county, died at the home of her son-in-law, Mr. B. Lockridge, five miles north of this city, at 2 o'clock a. m., Tuesday. To the bereaved friends and relatives the BANNER extends its condolence.

THERE is a good deal of travel on the railroads by the colored people on Sundays, and extra coaches are put on for their accommodation. They sometimes mix up promiscuously with the white people but there is one brakeman on the Central that believes in the separate coach system and has the courage to enforce it. Sunday at the depot some of the colored people insisted on entering the ladies coach, but he planted himself resolutely in the door and ordered them in the other. They kicked, but none of them could get up sufficient courage to undertake to run over him, which he told them was the only way to get in there. He was red headed, had a fierce eye, and when they sized him up they would enter the other coach with threats, mutterings and grumbings.

"During the spring and summer of 1888 I lost seven mules from bots and colic, after trying everything I could think of. In 1889 I commenced using the Bots and Colic Specific put up by C. F. Jensen & Co., Burton, Texas, and since have not lost a single animal. It is the best bots and colic medicine in the world."—R. J. Ransom, Harlem Plantation, Texas.

COL. R. Q. MILLS speech here next Saturday should draw a large crowd. You will miss a good speech if you fail to hear him.

AUTUMN is beginning to get in its work. The trees in the parks are assuming more gorgeous apparel, and crimson and gold will soon be contesting the supremacy of the rich ripe green of later Summer. Already these cool mornings are giving the grass a growing look of discouragement. One or two sharp frosts, which may be confidently looked for in the near future, will emphasize the changing conditions immensely, and we will find ourselves on the ragged edge of winter, with all the disguises that the present season affects ruthlessly torn away.

All who own Mules and Horses, take notice:

For six weeks we have had an average of from four to six sick mules daily with bots and colic on my plantation, in Fort Bend county. We used the "Bots and Colic Specific" put up by C. F. Jensen & Co., Burton, Texas, and lost only one mule. COL. L. A. ELLIS, Austin, Tex.

This is the best medicine for bots and colic on record.

At a meeting of the Republican convention at Caldwell, Saturday, there was speaking by the Democratic nominee for representative of the 73rd District, Mr. Milton York, and his opponent, Mr. W. O. Christman. The convention endorsed Mr. York, the Democratic nominee, instead of Mr. Christman the independent, and also Mr. Beauregard Bryan the Democratic nominee for District Attorney. There were some strong speeches, it is said against Christman.
